9.2 PLANNING & DEVELOPMENT

9.2.1 Extensions to existing dwelling (DA 082627) – 72 Annetts Rd, Dalwallinu*

Report Date	24 November 2026
Applicant	Shire Approval Experts
File Ref	A381
Previous Meeting Reference	Nil
Prepared by	Doug Burke, Manager Planning & Development Services
Supervised by	Jean Knight, Chief Executive Officer
Disclosure of interest	Nil
Voting Requirements	Simple Majority
Attachments	Supporting Documentation

Purpose of Report

Council is requested to consider an application for approval to allow for the proposed development consisting of extensions to the existing single-storey dwelling on the subject property as submitted by the applicant on 30 September 2026.

The proposed development requires discretionary approval from the Council.

It is recommended that the proposed development be approved subject to given conditions.

Background

Subject Property:	Lot 260 Annetts Road, Dalwallinu
Land Use Zoning:	Residential
Property Owner:	P & D Harris
Applicant:	Shire Approval Experts
Consent Authority:	Shire of Dalwallinu Council
Proposed Development:	Extensions to the existing dwelling
Value of Development:	$15K
Outside Consultation:	Nil

The proposal is for the addition of a carport and a front facing verandah to the existing single-storey dwelling.

The proposed development was referenced against Part B of the Residential Design Codes Volume 1 (2024).

The Code can be used to circumvent the planning process if a residential type development satisfies the 'deemed-to-comply' requirements of the Code. The deemed-to-comply requirements for Outbuildings (carports, sheds, etc.) are outlined under Part 5.4.3 of the Code. If the proposed development does not satisfy the requirements, then the proposal is needed to be assessed as per the 'Design Principles'. This means that the development is not permitted unless the local government has exercised its discretion by granting planning approval.

Clause 5.4.3 of the R-Codes sets out the outbuildings design principle and deemed-to-comply requirements. This is to protect the streetscape and visual amenity by requiring outbuildings to have a relatively small floor area, be low in height, and located away from view.

The deemed-to-comply requirements are satisfied if the outbuilding is —

(1) not attached to a dwelling. ***Comment****: Non-Compliant*

(2) non-habitable. ***Comment****: Compliant*

(3) maximum area 60m^2 (aggregate) or 10% of site (whichever is less). ***Comment****: Compliant*

(4) maximum wall height of 2.4m. ***Comment****: Compliant insofar as the proposed carport does not have any walls other than the wall incorporated in the existing dwelling building.*

(5) maximum ridge height of 4.2m. ***Comment****: Compliant. Proposed ridge height = 2.5m*

(6) located behind street front setback. ***Comment****: Compliant*

(7) private open space requirements are met. ***Comment****: Compliant*

(8) boundary setbacks achieved. ***Comment****: Non-Compliant. The wall (<3.5m) must have a nominal setback of 1m. The proposal is for a setback of 500mm from the northern boundary.*

(9) Minimum setback of 4m from Primary Street. ***Comment:*** *Compliant with a setback of >7.5m.*

Frontage of the subject property – 72 Annetts Road Dalwallinu – Western aspect

Site of Proposed Development

Consultation
There is no requirement nor impetus to seek consultation with near neighbours, the wider community nor any government agency with regard to the matter.

Legislative Implications
State
Planning and Development Act 2005 (the Act)

The *Planning and Development Act 2005* directs that that any development referred to within the Scheme is not to be commenced or carried out without approval being obtained. Any determination of an application for such development is to be considered under those matters referred to in the *Planning and Development (Local Planning Schemes) Regulation 2015.*

Site Inspection
A site inspection has been undertaken by the reporting officer.

Sustainability & Climate Change Implications
Economic implications
There are no known significant economic implications associated with this proposal.

Social implications
There are no known significant social implications associated with this proposal.

Environmental implications
There are no known significant environmental implications associated with this proposal.

Officer Comment
In making a determination on the suitability of a planning proposal for residential type development, the Council is required by the Code to exercise its judgement, having regard to the following:

(a) any relevant purpose, objectives and provisions of the local planning scheme;
(b) any relevant objectives and provisions of the R-Codes Volume 1;
(c) a provision of a local planning policy adopted by the decision-maker consistent with and pursuant to the R-Codes Volume 1; and
(d) orderly and proper planning.

Council may determine an application for development approval by —
(a) granting development approval without conditions; or
(b) granting development approval with conditions; or
(c) refusing to grant development approval.

It is recommended that the proposed development be approved subject to given conditions.

Officer Recommendation
That Council approve the development application (DA 082627) for Lot 260 Annetts Road, Dalwallinu pursuant to Section 68(2) of the *Planning and Development (Local Planning Schemes) Regulation 2015* subject to the following conditions:

1. The development (extensions to existing dwelling) is to be carried out in accordance with the documents endorsed with the Shire's stamp, except where amended by other conditions of this consent. If there is any inconsistency between the above documents, the most recent document shall prevail to the extent of the inconsistency. However, the conditions of this consent shall prevail to the extent of any inconsistency;
2. During construction, access to the site shall be at the location of the vehicle crossover only. No material or vehicles associated with construction shall be allowed on the verge without the prior written approval from the local government.
3. The landowner/proponent at the time shall be responsible to compensate the local government for the repair of (or shall if the local government so agrees repair) any facility existing on the road reserve adjacent to the site which is damaged in the process of construction, establishment or installation of the development/land use.
4. Without further approval from Shire of Dalwallinu Council, in writing, this approval will lapse and have no force or effect after two years of the date of this permit.

Planning Department - Shire of Dalwallinu

Subject: Justification Letter for Proposed Patio and Carport

72 Annetts Road, Dalwallinu WA 6609

To the Planning Officer,

Colour and Material Selection: The selected Colorbond profile and colours have been carefully chosen to closely match the existing house while remaining within the available range of Colorbond colours. Given the limitations of Colorbond's standard colour palette, the selected colour is the closest possible match to maintain visual harmony with the dwelling. This ensures that the patio integrates seamlessly with the existing residence and does not detract from the aesthetic of the streetscape.

Roof Design Considerations: The proposed patio features a flat roof at a 2-degree roof pitch, and the proposed carport features a flat roof at a 2-degree roof pitch. The decision to opt for this design was based on both practical and financial considerations.

Compatibility with Existing Streetscape: The proposed patio and carport are designed to be sympathetic to the surrounding area while providing a functional and aesthetically appropriate addition to the property.

Reduced Boundary Setback: The proposed patio and carport are designed to take advantage of the space available whilst ensuring amble open space on the block is maintained. The proposed 500mm setback from the adjoining boundary will have a BA1 certified building application and performance solution report to justify the reduced setback.

Given these considerations, we respectfully request that the Shire of Dalwallinu grant planning approval for the proposed patio and carport.

We appreciate your time and consideration of this justification. Should you require any further clarification, please do not hesitate to contact us.

Yours sincerely,

SHIRE APPROVAL EXPERTS

9.3 CORPORATE SERVICES

9.3.1 Variation of Burning Periods

Report Date	24 November 2026
Applicant	Shire of Dalwallinu
File Ref	ES/13 Emergency Services
Previous Meeting Reference	Nil
Prepared by	Hanna Jolly, Manager Corporate Services
Supervised by	Jean Knight, Chief Executive Officer
Disclosure of interest	Nil
Voting Requirements	Simple Majority
Attachments	Nil

Purpose of Report

Council is requested to approve the proposed variation for the burning periods due to seasonal conditions.

Background

The annual burning periods for the Shire of Dalwallinu are determined in accordance with the provisions of the *Bush Fires Act 1954* and are published annually for the information of landowners and the wider community.

The current burning periods for the Shire are:

16 March to 30 September	Open period
1 October to 14 November	Restricted period (first)
15 November to 14 February	Prohibited period
15 February to 15 March	Restricted period (second)

In May 2025, the Department of Fire and Emergency Services (DFES) identified an inconsistency between the Shire's advertised burning periods and the dates prescribed in the Government Gazette. For several years, the Shire had advertised the first Restricted Burning Period as occurring from 1 October to 31 October; however, the gazetted dates were 1 October to 14 November. As a result, the advertised dates were amended in 2025 to align with the gazetted Restricted Burning Period.

Sustainability & Climate Change Implications
Economic implications
There are no known significant economic implications associated with this proposal.

Social implications
There are no known significant social implications associated with this proposal.

Environmental implications
There are no known significant environmental implications associated with this proposal.

Officer Comment
This matter was considered by the Fire Control Officers at the 2025 pre-season meeting. Consideration was given to seasonal factors including rainfall, fuel loads, harvest operations and overall bushfire risk. Following the discussion, the Fire Control Officers recommended that the Restricted Burning Period be permanently amended to commence on 1 October and conclude on 31 October each year, with the Prohibited Burning Period commencing on 1 November. No changes are proposed to any other burning periods currently in place.

The proposed amendment represents a change of only 14 days from the currently advertised Restricted Burning Period. Given the relatively minor adjustment and the operational benefits associated with aligning the burning periods with prevailing seasonal conditions, the impact on the community is expected to be minimal.

Officer Recommendation
That Council:
1. Endorses a permanent amendment to the annual Restricted Burning Period to commence on 1 October and conclude on 31 October, with the Prohibited Burning Period commencing on 1 November;
2. Authorises the Chief Executive Officer to correspond to the Fire & Emergency Services Commissioner for approval and publication in the Government Gazette.

9.3.2 Request for Discount – Rates Assessment 00920*

Report Date	24 November 2026
Applicant	Shire of Dalwallinu
File Ref	A920
Previous Meeting Reference	Nil
Prepared by	Christie Andrews, Finance Officer
Supervised by	Hanna Jolly, Manager Corporate Services
Disclosure of interest	Nil
Voting Requirements	Simple Majority
Attachments	Email from Ratepayer

Purpose of Report
Council is requested to consider allowing the discount on rates assessments 00920, totalling $240.04.

Background
The Rates Notice for assessment 00920 was issued via email on 28 July 2026, with a due date of 4 September 2026.

The total amount payable, including the discount, was $5,103.71. A payment of $4,926.51 was received via BPay 24 August 2026, which left a shortfall of $177.20.

Over the previous three years, the ratepayer has consistently paid their rates prior to the due date.

Consultation
Manager Corporate Services

Legislative Implications
State
Local Government Act 1995

Policy Implications
Nil

Financial Implications
Should Council support the proposal there would be a loss of revenue totalling $240.04.

General Function Implications

Sustainability & Climate Change Implications
Economic implications
There are no known significant economic implications associated with this proposal.

Social implications

There are no known significant social implications associated with this proposal.

Environmental implications

There are no known significant environmental implications associated with this proposal.

Officer Comment

A payment of $4,926.51 was received, which is equal to the discounted amount of the 2025/2026 rates for Assessment 00920. The ratepayer had inadvertently paid the previous year's rates invoice.

As over 90% of the outstanding amount was received by the due date, there has been a clear intention of rates being paid on time.

Should Council support the allowance of the discount a balance of $177.20 remains payable by the ratepayer.

Officer Recommendation

That Council authorise the Chief Executive Officer to allow the discount of $240.04.

From: [redacted]
To: Rebecca Rose
Subject: I-COR-31229 - [redacted] - Council Request Consideration RE: Rate Payment
Date: Tuesday, 20 October 2026 11:32:59 AM

Hi Team,

Due to a slight oversight on my part when paying the 2026/2027 Shire Rates I mistakenly reviewed the 2025/2026 Rate Notice and paid that sum which was the lesser amount being $4926.51 which was transferred from my account on the 24.08.2026.
This error was only identified by the Shires written correspondence Dated 22..09.2026 of which I was made aware of on 18.10.2026 as I have been away on leave from my postal address for the period between.

I, [redacted], am seeking consideration in the matter of the above clearly an oversight by myself in my early payment having the shortfall & request to pay the outstanding balance only of $177.20 and not the amount of $418.68 .

Please don't hesitate to contact me should you require anything else.

Cheers [redacted]

PH:[redacted]

9.4 CHIEF EXECUTIVE OFFICER

9.4.1 RFT2627-03 – Design & Construct Aged Accommodation

Report Date	24 November 2026
Applicant	Shire of Dalwallinu
File Ref	FM/28 – Financial Management - Tendering
Previous Meeting Reference	Nil
Prepared by	Jean Knight, Chief Executive Officer
Supervised by	Jean Knight, Chief Executive Officer

Purpose of Report

Council is requested to consider the tenders received for RFT2627-03 - Design & Construct Aged Accommodation.

Background

At the Ordinary Council Meeting held 25 August 2026, Council resolved the following:

'MOTION 10615

Moved *Cr DS Cream*
Seconded *Cr S Hickleton*

That Council:

1. *Authorises the Chief Executive Officer to call for tenders for the Design and Construction of Aged Accommodation on Lot 567 (27) McNeill St, Dalwallinu;*
2. *Sets the qualitative criteria as follows:*

Price	*65%*
Relevant Experience in Similar Projects	*20%*
Ability to meet delivery timeframe	*10%*
Tenderer's WHS Policies and Procedures	*5%*

CARRIED 6/0'

As per the *Local Government Act 1995* and *Local Government (Functions & General) Regulations 1996* and *Local Government (Administration) Regulations 1996*, advertising was carried out in the following manner:

- The West (Saturday 26 August 2026)
- Shire of Dalwallinu Website
- Shire of Dalwallinu Facebook Page
- Shire of Dalwallinu Administration & Library Noticeboards
- Totally Locally & Kalannie Kapers (via the Newsletter)
- Shire of Dalwallinu Newsletter

Tender documentation was issued to ten (10) interested parties.

Sustainability & Climate Change Implications
Economic implications
There are no known significant economic implications associated with this proposal.

Social implications
There are no known significant social implications associated with this proposal.

Environmental implications
There are no known significant environmental implications associated with this proposal.

Officer Comment
Tenders closed 2:00pm, Wednesday 14 October 2026 and were opened at 4:50pm, Wednesday 14 October 2026 by the Chief Executive Officer, Manager Corporate Services and Technical Support Officer.

Two (2) tenders were received from:
- Stallion Homes
- Summit Homes

The tenders were assessed by the Chief Executive Officer, Manager Works & Services, and Manager Planning & Development Services, with the following qualitative criteria:

Price	65%
Relevant Experience & Key Personnel	20%
Tenderer's Resources	10%
Tenderer's WHS Policies & Procedures	5%

During the assessment process, it was found that the designs submitted by one tenderer would not fit in the available space and the design from the second tenderer, whilst they fit along Myers Street, they extended too far back on the lot and compromised the driveway for the Wilfred Thomas Lodge occupants. In addition, both of the quotes were above the budget allocation for the design and construction component of the project.

As neither tender is considered to meet Council's specifications, it is the Officer's recommendation that Council reject both tenders received and authorise the Chief Executive Officer to liaise with companies outside of this tender process in accordance with the *Local Government (Functions and General) Regulations 1996 – Reg 11 (2)(c).*

Excerpt from the *Local Government (Functions and General) Regulations 1996:*

(2) Tenders do not have to be publicly invited according to the requirements of this Division if —

(c) within the last 6 months —

(i) the local government has, according to the requirements of this Division, publicly invited tenders for the supply of the goods or services but no tender was submitted that met the tender specifications or satisfied the value for money assessment;

Officer Recommendation

That Council:

1. Reject the two (2) tenders received for RFT2627-03 as they did not meet Council's specifications;
2. Authorise the Chief Executive Officer to liaise with companies directly for the Design & Construction of Aged Accommodation in accordance with the *Local Government (Functions and General) Regulations 1996 – Reg 11 (2)(c)(i).*

Sustainability & Climate Change Implications
Economic implications
There are no known significant economic implications associated with this proposal.

Social implications
There are no known significant social implications associated with this proposal.

Environmental implications
There are no known significant environmental implications associated with this proposal.

Officer Comment

The Dalwallinu Recreation Centre has been booked for this event and this booking has been provided a 50% concession. The total cost for the booking is $435.00 however with the 50% concession it will be $217.50.

It is the Officer's recommendation that the provision of the venue free of charge not be granted. The group has already been provided a 50% concession and providing the venue free of charge will set a precedent for future hirers.

Officer Recommendation

That Council request the Chief Executive Officer to advise Mr Glen Jones that no further concessions for the hire of the Dalwallinu Recreation Centre for the Year 10 formal will be provided.

Keith and Jean

I am writing this letter on behalf of the Year 10s from the Dalwallinu High School.
They are having a Year 10 Formal on the 5th of December.
There will be about 60 people attending this non-alcohol event.

There is a limited budget for the event.
Most of the money that has been fundraised has been taken up with food, drinks, entertainment and decorations.

The parents organizing the event were wondering if the Shire can sponsor the event by allowing the use of the Rec Centre for free or at a discounted rate.

If you can let me know your thoughts that would be greatly appreciated.

Thanks
