BASIS OF PREPARATION

REPORT PURPOSE

This report is prepared to meet the requirements of *Local Government (Financial Management) Regulations 1996, Regulation 34*. Note: The statements and accompanying notes are prepared based on all transactions recorded at the time of preparation and may vary due to transactions being processed for the reporting period after the date of preparation.

BASIS OF ACCOUNTING

This statement comprises a special purpose financial report which has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards.

Regulation 16 prohibits a local government from recognising as assets Crown land that is a public thoroughfare, such as land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets, including land under roads acquired on or after 1 July 2008, have not been recognised in this financial report. This is not in accordance with the requirements of *AASB 1051 Land Under Roads paragraph 15* and *AASB 116 Property, Plant and Equipment paragraph 7*.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

PREPARATION TIMING AND REVIEW

Date prepared: All known transactions up to 04 April 2023

SIGNIFICANT ACCOUNTING POLICES

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies

GOODS AND SERVICES TAX

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position. Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

SIGNIFICANT ACCOUNTING POLICIES

All assets are initially recognised at cost. Cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at no cost or for nominal consideration, cost is determined as fair value at the date of acquisition. The cost of non-current assets constructed by the local government includes the cost of all materials used in the construction, direct labour on the project and an appropriate proportion of variable and fixed overhead. Certain asset classes may be revalued on a regular basis such that the carrying values are not materially different from fair value. Assets carried at fair value are to be revalued with sufficient regularity to ensure the carrying amount does not differ materially from that determined using fair value at reporting date.

KEY INFORMATION

All loans and borrowings are initially recognised at the fair value of the consideration received less directly attributable transaction costs. After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest method. Fees paid on the establishment of loan facilities that are yield related are included as part of the carrying amount of the loans and borrowings.

KEY INFORMATION

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

All contracts classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

KEY INFORMATION

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the calculation of net current assets.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur. The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Contract liabilities

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to identified specifications be constructed to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

Kalannie Coffee Cart

The idea for this project grew from an idea to conduct a 1 day Barista short course that Geraldton TAFE offer. The issue was the class size would be limited with access to only 1 coffee machine (Geraldton TAFE have a mobile unit that they would bring with them). Kalannie doesn't have a café, and no commercial coffee machine currently exists in town.

Working through the problem it was decided that Kalannie CRC would convert an existing Box Trailer to a mobile coffee van, and purchase the equipment to fit out a mobile coffee trailer. This could be used to allow barista course attendees good opportunity to learn and practice the skills to acquire the qualification. Having a coffee cart would also be a great attraction in the town, enticing the community and tourists to stop and visit the CRC. In addition, as a mobile unit it can be taken to community events (not only sporting, but also events at the town hall and other locations around Kalannie). We hope to be able to create a connection between different community organisations by using coffee culture as a common denominator. We feel it is important to offer the community a social ritual in the absence of alcohol. We see the barista course and coffee cart project as a catalyst to help create better social engagement within the community, and pride in our town.

We were successful in a funding application with FRRR (Foundation for Rural & Regional Renewal) through their Strengthening Rural Communities Program. This grant funding will allow us to purchase the coffee machine and accessories, and run the TAFE course (since travel and associated costs would make the course cost too expensive for it to be a reasonable expense for attendees). There is a portion of expense allocated in the grant funding for the trailer modification, but the CRC would be responsible for the balance of these costs.

We have decided that we would like to include a flat-top barbecue plate in the trailer design mods. This concept has only been added relatively recently, and unfortunately we don't have any allowance in the grant funding already received from FRRR to allow for this. We are hopeful the Shire of Dalwallinu will approve an application for the cost of the barbecue so we can install it in the trailer with the coffee machine. The inclusion of a barbecue just gives the trailer a little more scope to be utilized widely in the community. Please find the product we would like to purchase below. These are the kind of barbecues that are used in community barbecues in parks etc. They are very good quality and ideal for the kind of installation we have in mind.

To Whom it May Concern,

I am writing on behalf of Kalannie Playgroup in support of the Kalannie CRC Coffee Cart proposal. We strongly support this grant application and the opportunities this cart will open up for the Kalannie community.

As an organisation Kalannie Playgroup strives to provide a place for families with children aged 0-5 years to meet and connect with other community members to form relationships and assist families to thrive in the community.

A community coffee cart would be a great fundraising tool for the Kalannie Playgroup particularly for open days where we invite the community to the playgroup and current fundraising that we do such as clearing sales and golf days.

The Kalannie Playgroup look forward to having this cart as a family friendly alternative for fundraising at multiple events across the year.

Sincerely,

Emma Williams

To the Kalannie CRC Committee,

On behalf of the Kalannie Primary School Parents & Citizens Association I am writing to show our support of the Kalannie CRC Coffee Cart proposal.

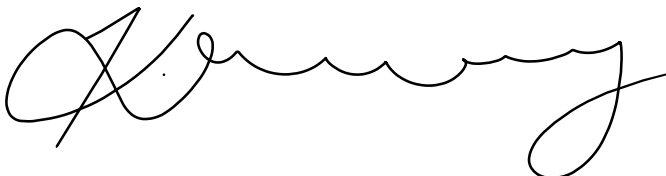

We are the Parents & Citizens representative group, of the students that attend Kalannie Primary School and our aim is to support our local school by bringing parents together to share information and opportunities about education, build positive attitudes towards education for students and their families and help raise funds to provide extra resources to the school to support student learning.

A local community coffee cart would provide us with another fantastic fundraising opportunity to raise money for resources that support the students and teachers at our primary school. We believe this is a beneficial resource to meet community needs, a moveable place to purchase great coffee and drinks all while supporting the local groups that uphold our town. We feel the coffee cart compliments school activities; the cart can be taken to sporting carnivals and school events and provide drinks at standards the community can't always access outside of the city. It also creates the right environment for social interaction between parents, guardians, supporters and teachers by providing a positive non-alcoholic alternative for catering events.

We especially look forward to what vocational opportunities this can provide within the town to students (primary to university and beyond), and members of the community who are looking to gain tafe accredited courses and certificates to further enhance their career choices and experiences.

Regards,

Kate McCreery

To Whom It May Concern,

On behalf of the Kalannie Hockey Club I am writing to show our support of the Kalannie CRC community coffee trailer proposal.

The Kalannie Hockey Club is part of our community all day sport model. Each weekend during the winter sports season our recreation ground is a buzz with activity, we work together with the netball and football clubs to uphold the value of our sporting community. Most of our sporting groups are not for profit so rely on the support of members, players and sponsors to fundraise and donate to keep the club going.

We believe a community coffee trailer would be very beneficial to our all-day sport model. Currently in the Kalannie township there isn't a place or shop where you can enjoy a freshly brewed coffee, by having the community coffee trailer at weekend sport we trust that supporters and participants would be more likely to attend games. It would be an opportunity to serve delicious coffee to the community and will create a place to develop social networks, it also makes for a great time catch up with friends and to check in on a mate.

A communal coffee trailer also gives the community a new and exciting way to fundraise. By having the trailer accessible to the many groups and clubs within the town they can then use it to provide coffee and drinks at a range of different events keeping the profits for their association.

We feel this is a great initiative and idea proposed by the Kalannie CRC and we look forward to using the coffee trailer in the near future.

Kind regards,

A handwritten signature in black ink, appearing to read "Ricki Fulwood".

Officer Comment

As per Council's resolution of March 2017, four (4) names were requested to be placed on the reserved Road Register with Landgate. Names are no longer stored on a register with Landgate and each road name will need to be submitted for approval to the Geographical Names Committee as and when required.

RESIDENTIAL SUBDIVISION

It is the Officer's recommendation that Council keep with the wheat theme for the one (1) road required in the residential subdivision.

The following were approved at the March 2017 Ordinary Council Meeting:

- Mace
- Magenta
- Blade

The acceptable road type for this road as per Landgate's guidelines are as follows:

- Close – short, enclosed roadway
- Court – short, enclosed roadway
- Mews – roadway in a group of houses
- Place – short, sometimes narrow, enclosed roadway.

It is the Officers recommendation that the road name for the Stage 3 of the Old Hospital Reserve Subdivision be known as **Magenta Mews**.

INDUSTRIAL SUBDIVISION

The industrial subdivision will require two (2) road names.

Below are some suggestions:

Butcher

This name was previously placed on the Reserved Road Register back in 2017. Landgate's preference was to honour Oscar and Dorothy Butcher who were the original pioneers of the Butcher family. At the time Landgate requested more information on Dorothy Butcher. Should Council wish to use Butcher, the Administration would need to seek the additional information.

Mauchline

In 2020 we were contacted by Julie Whesson (nee Mauchline) requesting an update on when her grandparents would be honoured by the Dalwallinu Shire. She enclosed a letter from the Shire dated 12 November 1993 advising that consideration would be given to her suggestion to name a street, road or public recreational facility in recognition of her grandparents.

See below excerpt from her 2020 email:

My Grandfather (William Andrew Mauchline) was in the Australian army and fought in the first world war. He was shot twice and returned to Australia and was granted virgin land in Kalannie. My Grandfather was found dead by my Grandmother (Grace Mauchline) when a tree fell on him whilst he was clearing his block with an axe. He was buried in Dalwallinu. My father (Bill Mauchline) was only 2 years old and my grandmother was pregnant

with my aunty when she found her husband. Grandmother continued to work the wheat/sheep farm after her husband's death and built up the farm to 5,000 acres. She never re-married. My father and aunty (Kitty Mauchline) rode horses to Dalwallinu each day to attend school but my father had to leave in grade six to help work on the farm.

My father later began his own business as a clearing contractor and converted Valentine tanks to do the work. He cleared land in the wheatbelt region and was very well liked and highly respected by all who knew him. One of the tanks is on loan to the shire and is displayed in the town of Maya.

My Grandparents came as pioneers to Kalannie and worked hard to build their home and community. The name of Mauchline is a name linked to the Western Australian wheatbelt region and I am passionate that the name should be honoured to pay respect to those who helped build it.

Nixon

In February 2023, the Shire was contacted by Robert Nixon regarding Nixon Street in Dalwallinu. See below excerpt from his email:

"Some of the town maps don't show Nixon Street, which I understand is only a driveway to access the rear of the FESA Building.

A driveway is not appropriate for a Street name for pioneer family who have made a significant contribution to the Shire. Will Council look at the options for a more high-profile street or other options. It that could for example include Nixon Street extending into any proposed development into the undeveloped land to the south."

Further information regarding the Nixon family was requested from Robert Nixon who has kindly provided the following background:

"I have divided the achievements of the now deceased descendants of Thomas Watson Nixon (1862-1937) into contribution to the community, livestock breeding and technological innovation in farming.

1. Jack Nixon (1897-1947) Member Dalwallinu Road Board (now Shire)1945-1947 (death in 1947 due to level crossing accident) Recognised breeder of Clydesdale horses at Local and Stare level, a judge at Sydney Royal Show. Furter information at link to State Library of WA.

2. Dorothy Nixon (wife of Jack) Member of Hospital Board and Hospital Axillary, President of Red Cross and member of P& C and often played organ at the Anglican Church.

3. Robert Nixon (1910-1968) RAAF 1940-1945.

4. Frederick Nixon (1899-1983) Noted breeder of Berkshire pigs at State level, Border Leicester, and Southdown sheep.

5. William Nixon (1903-1965) Outstanding technological innovation beyond WA, of gas producer Twin City Tractors for broad acre farming during the Great Depression, without the common practise of reverting back to draft horses; meaning a transition directly to diesel fuel. Largest area in state-wide Padbury Cropping Competition, State Government photos of machinery working for the purpose of documenting adaption of technology. Further information at link to State Library of WA."

The Officer agrees that honouring the Nixon family with a driveway access is not appropriate, however, there may be an issue as the Shire of Dalwallinu already has a Nixon Road in existence.

Clause 1.7.2 of the Geographic Names Policy states:

Names proposed for unnamed topographic features and administrative boundaries shall not be duplicated. Duplicated names are considered to be two or more names which are within the same locality, within close proximity and those which are identical or have similar spelling or pronunciation. Duplicated names may lead to confusion for the public and to emergency service responders.

Where established names are duplicated or are similar in sound or spelling (homonymous), and are likely to cause confusion, consultation with the relevant government agency, local government and, if required, the wider community shall be undertaken to achieve a differentiation between them.

Consideration of proposed duplicated names

This policy does not preclude the use of duplicated names with a different generic and when Landgate is satisfied that the duplication will not cause confusion. Such features shall be situated within reasonable proximity to the associated source, for example Beedelup Falls is situated on Beedelup Brook within Beedelup National Park.

Close proximity to existing names

Close proximity for duplication is considered to be the following:

- metropolitan and urban area, within 10km (a metropolitan area which consists of a city and its surrounding localities, for example regional urban areas such as the Cities of Albany, Bunbury, Busselton, Greater Geraldton and Kalgoorlie-Boulder. For the purpose of this policy the Perth metropolitan area extends (and includes) north from the City of Wanneroo, east to the City of Swan, City of Kalamunda, Shire of Mundaring, City of Armadale and south to the City of Mandurah.
- rural or remote area within 50km (a rural or remote area is an area located outside of cities and major towns).

The acceptable road type for this road as per Landgate's guidelines are as follows:

- Close – short, enclosed roadway
- Court – short, enclosed roadway
- Place – short, sometimes narrow, enclosed roadway
- Road – Open way or public passage primarily for vehicles
- Street – Public roadway in a town, city or urban area, especially a paved thoroughfare with footpaths and buildings along one or both sides. (NB: This road type will not have footpaths)

It is the Officers recommendation that the road names for the Industrial Subdivision be known as:

Nixon Street (Road 1 - Entry) and **Mauchline Court** (Road 2).

Officer Recommendation

That Council requests that the Chief Executive Officer lodge with Landgate the road names for approval as follows:

1. the road required for Stage 3 of the Old Hospital Reserve as Magenta Mews;
2. the roads required for the Industrial Subdivision as Nixon Street for the entry road and Mauchline Court for the second road.

AMENDMENT

Moved Cr SC Carter
Seconded Cr DS Cream

That an amendment be made to point 2 of the Officer Recommendation as follows:

2. the roads required for the Industrial Subdivision as York Street for the entry road and Nixon Court for the second road.

SUBSTANTIVE MOTION 10071

That Council requests that the Chief Executive Officer lodge with Landgate the road names for approval as follows:

1. the road required for Stage 3 of the Old Hospital Reserve as Magenta Mews;
2. the roads required for the Industrial Subdivision as York Street for the entry road and Nixon Court for the second road.

CARRIED 7/0

Reason for Change to Officer Recommendation:

Point 2: Council noted that the other end of the entry road is already named York Street and as the road would eventually connect the name should remain York Street, and that the second road be named Nixon Court.

3.37pm Cr KM McNeill declared an Impartiality Interest in Item 9.4.2 and left the meeting.

Yr 10 Student at Dalwallinu District High School & Junior worker at The Old Convent	25/07/2007	

WHAT ARE YOUR CURRENT INTERESTS IN DALWALLINU? WHAT DO YOU LIKE TO DO?

In my free time, I enjoy playing netball, as I am very passionate about sports, community, and family; and Dalwallinu is a tourist destination, so I love working at The Old Convent; I am a hardworking person and love spending time with friends and family.

WHY WOULD YOU LIKE TO BE ON THE YOUTH ADVISORY COUNCIL?

During my time on the Rural Youth Ambassador program for regional students in 2022, we made achievable goals that delivered us the opportunity to speak with some very influential people in the education department. I am a goal-driven person who will accomplish anything that will benefit the team, this is a great opportunity for me to learn how things run in our shire, how our community can excel in projects, and how I can grow personally from this experience. I am also the School Captain for Dalwallinu District High School.

WHAT WOULD YOU LIKE TO SEE IN DALWALLINU FOR OUR YOUTH?

I would like to see a supportive network. Even if it was something like monthly get togethers for the community that can connect us all and create the opportunity to share our experiences, or a fun event that can be equally effective. Horrocks (a town near Northhampton, WA) does this weekly, and bringing the locals and tourists together is an achievable goal that can connect Dalwallinu's Youth even closer, as it seems to work in other communities.

APPLICANT DECLARATION

If appointed as a Representative to the Youth Advisory Council I agree to adhere to the Shire of Dalwallinu's Code of Conduct at all times.

Purpose of Report

Council is requested to approve the Regional Development Assistance Program (RDAP) application to DevelopmentWA for the development of six (6) residential lots in Kalannie.

Background

In March 2023 an email was received from a Kalannie resident enquiring if the Shire in conjunction with DevelopmentWA would consider opening up Lots 8-18 Rolinson Drive, Kalannie.

The resident had been in discussions with DevelopmentWA and they have advised that the Shire would need to submit an application to the RDAP.

Officer Comment

Lots 8-18 Rolinson Drive, Kalannie are currently Unallocated Crown Land. The area is surrounded by existing residential development.

Like Dalwallinu, Kalannie is experiencing an accommodation shortage. There is little to no vacant properties for purchase or lease. There is a need for housing in Kalannie as there are local businesses who are looking for workers, in particular families. Kalannie needs to increase their population to ensure that the education facilities and other services are retained.

An advertisement was placed in the Kalannie Kapers and the Shire's Facebook page calling for expressions of interest to purchase these lots. We have to date received four (4) expressions of interest. This is a very pleasing result and will show to DevelopmentWA that the demand is there.

Officer Recommendation/Resolution

MOTION 10073

Moved Cr MM Harms
Seconded Cr SC Carter

That Council support the Regional Development Assistance Program application for the development of six (6) residential lots (8-18) Rolinson Drive, Kalannie.
